Eco800
800VA

Installing an Eco UPS provides reliable and clean power to your valuable equipment. The UPS blocks surges, spikes and prevents a power outage, ensuring that your equipment is operating 24/7.

All eco series UPS are a multipurpose design suitable for CCTV, computers, point of sale, modems & NBN's. All UPS run times are pre-calculated for your ease.

RUNTIME IN MINUTES

User Manual

Model	Eco800L			
Capacity	800VA/480W			
Display	LCD			
Input				
Input Voltage	230V			
AVR voltage range	162V-290V			
Frequency range	50Hz ± 10%			
Output				
Voltage regulation	230Vac ± 10%			
Frequency	Batt. Mode 50Hz, +/- 1%			
Waveform	Modified/Simulated Sine Wave			
Transfer time	Typical 2-6ms			
Output sockets	3x Aus standard 10A 3x Surge protection			
Battery				
Type	Sealed lead acid			
Configuration	1 x 12V/9AH			
Charge current(Max)	2A			
Recharge	6-8 hours to 90% capacity after complete discharge			
Communications and management				
Communication	USB			
Network surge protection	RJ45			
Software supplied	UPSilon			
DC start	Yes			
Auto restart	Yes			
AVR	Yes			
Surge protection	125Joules / 4500A			
Short circuit	User Replaceable Fuses on overload			
Display indication &audible alarms	LCD: Input & Output Voltage, Battery level, Load level, UPS status. LED: Mains present, battery charge, mains fail, fault.			
Environment				
Audible noise	Less Than 30dB			
Temperature	0 - 40 Degrees			
Humidity	0-90% RH (Non-Condensing)			
Physical dimensions				
Dimensions (HxWxD)	95x200x293			
Shipping Dimensions (HxWxD)	245x130x360
